About Us

MODAHealth Pro was founded to transform healthcare solutions in the MENA region. With deep roots in the healthcare sector, our company is evolving rapidly to become a trusted partner. Our purpose is: to provide innovative, high-quality healthcare infrastructure and products that enhance patient care and support the growth of healthcare professionals.

We operate across Saudi Arabia and the broader region, working with leading healthcare organizations, contractors, and professionals to ensure sustainable, top-tier healthcare solutions. Through strategic partnerships and a customer-centric approach, we are dedicated to improving healthcare delivery and making a lasting impact on the industry.

Our Mission & Vision

Our **Mission**

To empower healthcare industry with cutting-edge medical equipment, strategic partnerships, performance excellence Trainings, and compliant facility structures to enhance quality, efficiency, and standards.

Our **Vision**

To lead in holistic healthcare excellence through innovative solutions, world-class services, and transformative Trainings that enhance patient care, streamline operations, and drive sustainable growth.

Our Core Values

Excellence

Delivering top-quality healthcare solutions in every aspect of our deliverables

Customer Centric

Tailoring solutions to enhance the patient experience

Innovation

Continuously evolving to lead in the healthcare market

Core Values

Collaboration

Working together to achieve the best outcomes and mutual growth

Integrity

Operating with transparency, accountability, and ethics

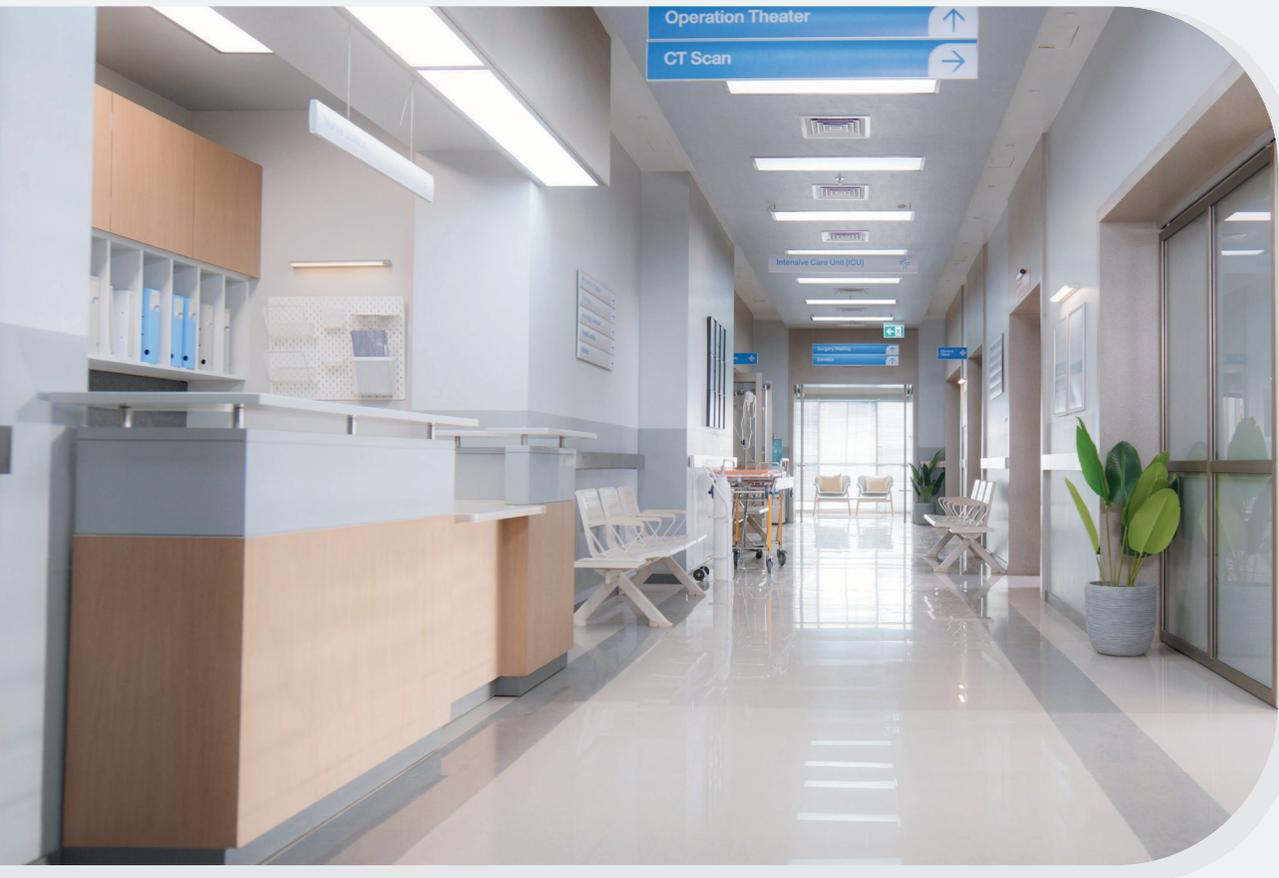

Sustainability

Supporting long-term community health and well-being

TRAININGS

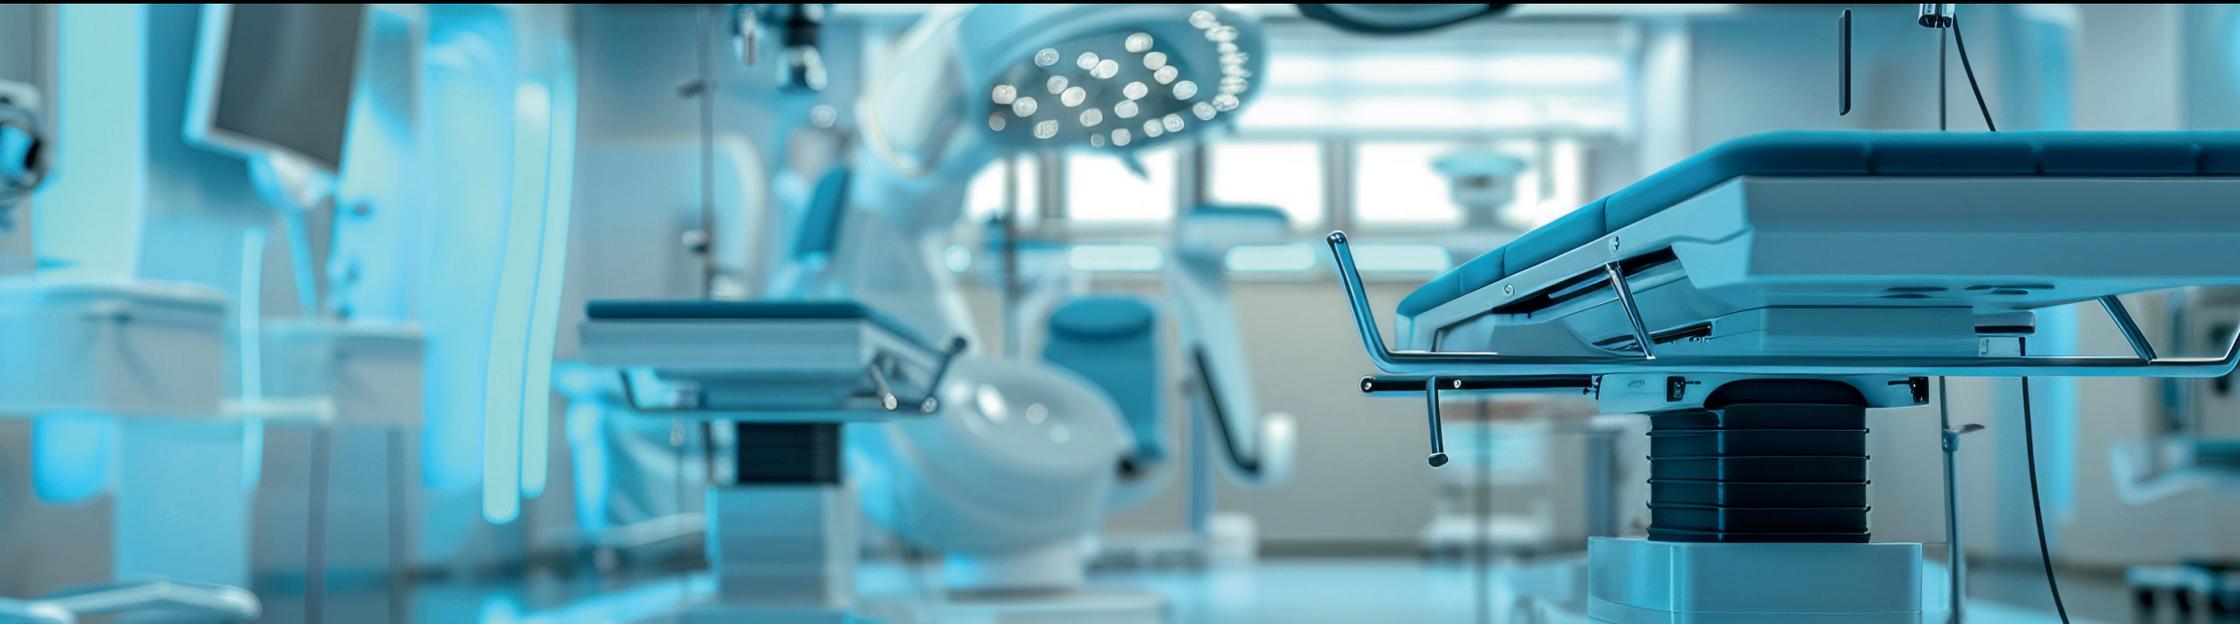

Solutions & **Services**

Healthcare Consulting

We offer strategic consulting to healthcare organizations, optimizing operations, streamlining workflows, and enhancing medical equipment usage and facility management. Our expertise includes planning, compliance with industry standards, and ensuring efficient, high-quality healthcare delivery.

Solutions & **Services**

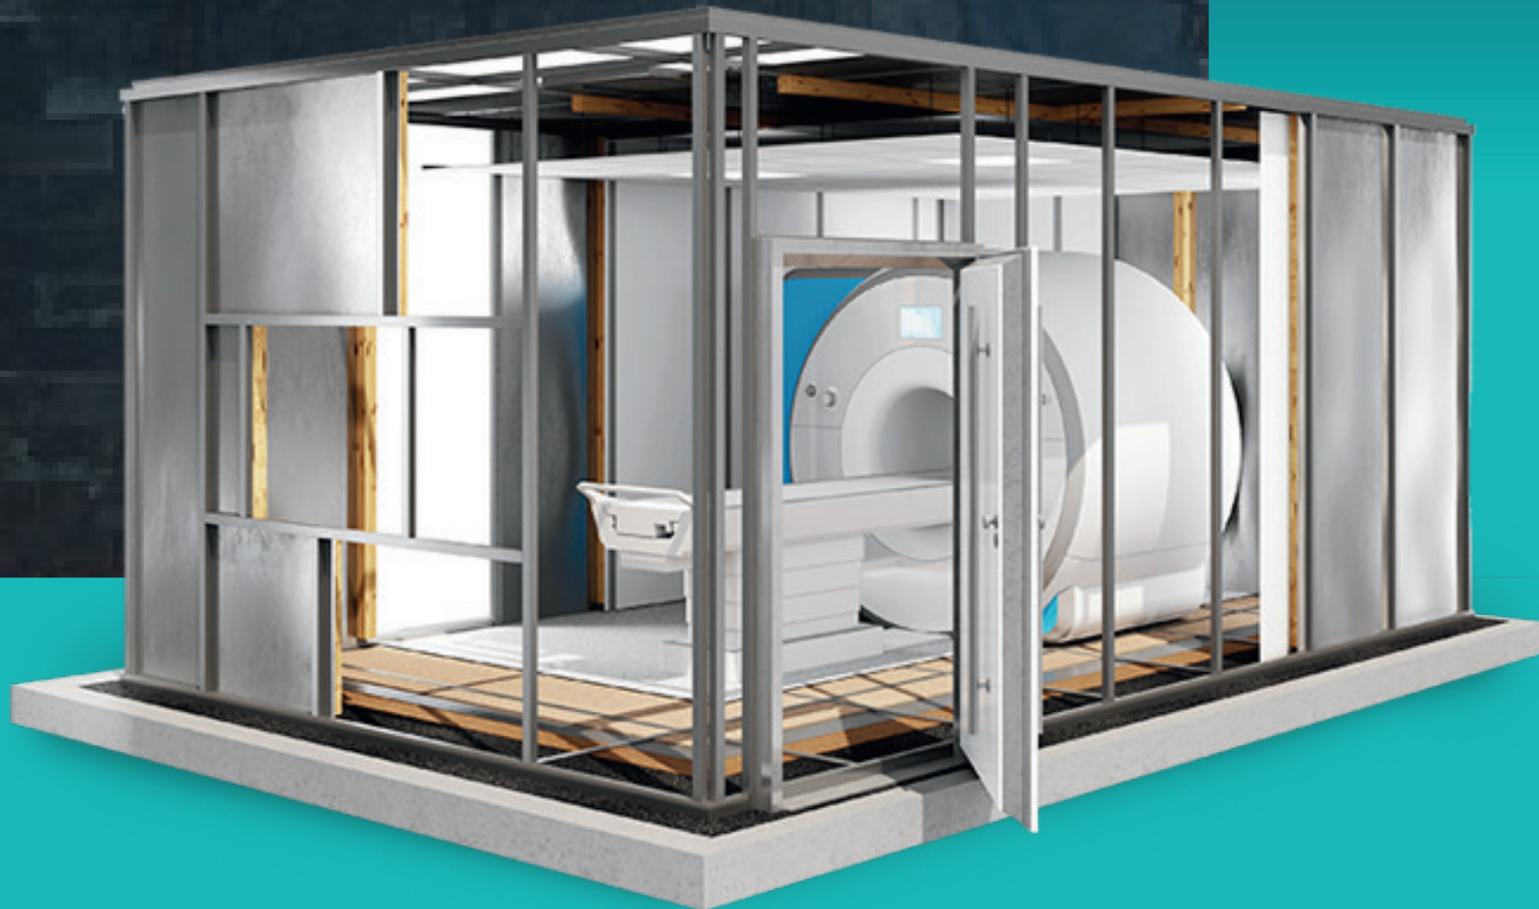

Products

As a trusted partner, we provide cutting-edge medical technologies sourced from the world's leading manufacturers. Committed to excellence, we guarantee the highest standards of quality and performance, backed by comprehensive after-sales services to ensure seamless integration and long-term reliability.

Solutions & Services

Services

We specialize in the design, planning, and execution of healthcare facilities, particularly in radiology, cardiology, oncology, operation theaters, laboratories and other medical departments. Our expertise ensures a seamless fit-out process, creating spaces that optimize functionality and improve patient experience.

Solutions & **Services**

Professional Trainings

Our coaching and professional training programs enhance the skills of healthcare practitioners. We empower teams with the expertise to excel, drive performance excellence, and elevate patient experience through best practices and operational efficiency.

KEY PROJECTS

Our **Key Projects**

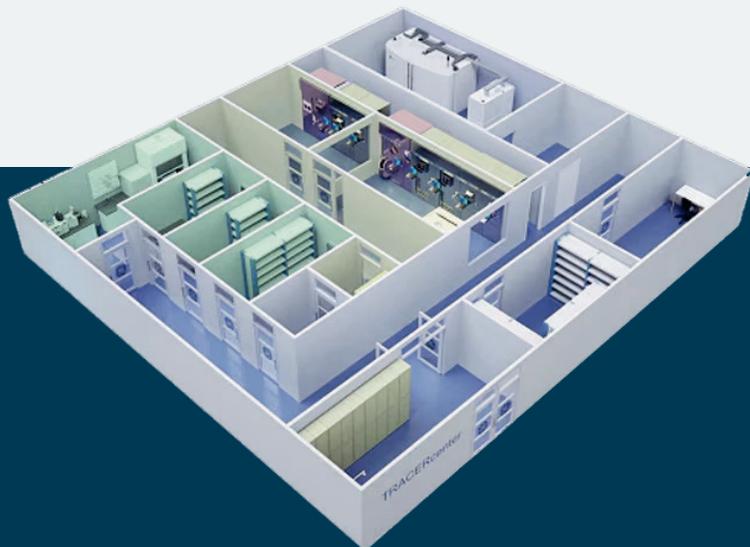

Advancing Molecular Imaging!

Project Value: USD 9 Million

Scope: Design & Construction of Cyclotron & PET CT Facility

We successfully delivered a turnkey radio pharmacy suite with Cyclotron & PET-CT for a renowned oncology facility. The project involved demolishing an old structure, constructing an 18,000 sq. ft. compliant facility, and managing the import of 50+ medical equipment shipments. Through strategic planning and Stakeholders coordination, we ensured on-time, within-budget delivery, achieving 100% customer satisfaction.

The state-of-the-art facility is now fully operational, setting a new standard in oncology infrastructure.

Enhancing Military Healthcare!

Project Value: USD 30 Million Scope: Construction of 5

Diagnostic Centers with Advanced Radiology Systems

We successfully delivered five state-of-the-art diagnostic centers equipped with MRI, Mammography, Digital X-Ray, Ultrasound, and a PACS system with teleradiology.

Despite a challenging timeline, we ensured seamless execution through dedicated site teams, proactive imports to mitigate currency risks, and cross-functional collaboration for smooth project integration. Delivered on time and within budget, the centers significantly enhanced the customer's medical capabilities and access to advanced diagnostics.

Our Key Projects

Modernizing Healthcare, MOH!

Project Value: USD 20 Million Scope: Renovation, supply and commissioning of 7 CT Scan Sites & 24/7 Operations under a PPP Model

We successfully modernized seven CT scan sites nationwide, managing renovation, equipment installation, and staffing for 24/7 operations. Within a short timeline, we ensured seamless execution through dedicated site teams, aligned HR, finance, and logistics for efficient staffing and procurement, and leveraged engineering and IT expertise for smooth installation and integration. Delivered on time and within budget, the project enhanced diagnostic capabilities and set a new benchmark for PPP healthcare models.

Training Impacting Major Events

Impact: 100+ Training Sessions & Industry Speaking Engagements

Scope: Doctor-to-doctor workshops, technical skills training, and coaching programs for healthcare professionals and industry leaders We've had the privilege of speaking at major events, including Saudi and regional radiology and cardiology conferences, and leading over 100 training sessions. From doctor-to-doctor workshops to technical skills training and coaching programs, we've helped healthcare professionals and industry leaders elevate their expertise.

Our hands-on, results-driven approach—whether guiding doctors through complex topics or empowering teams with professional development—has consistently received positive feedback. The impact: more confident professionals and stronger teams across the healthcare sector.

OUR PARTNERS

Our Partners

Medical Furniture:

Nitrocare, a globally awarded Turkish manufacturer of hospital furniture and medical equipment, is renowned for innovation, quality, and design excellence. Through our partnership, we proudly deliver Nitrocare's world-class solutions to the local market with tailored expertise.

Product Groups:

- Hospital Beds
- Care Patient Bed
- Stretchers
- Patient Transport Chairs
- Examination Tables
- Gynaecological Examination Tables
- Aesthetic Dermatology
- Operational Chair
- Blood Donor Chair
- Dialysis and Chemotherapy Chairs
- ENT Chairs
- Physical Therapy and Rehabilitation
- Medicine And Treatment Carts
- Bedside Cabinet and Over Bed Table
- Stools
- Baby Cots
- Folding Walker
- Medical Cart
- Furniture Group
- Sleepers, Recliners
- Air Mattress
- Mattresses

Our Partners

Non-Medical Furniture:

OFISLINE®

Ofisline is a leading Turkish manufacturer specializing in high-quality furniture and interior solutions, trusted across healthcare, corporate, and institutional sectors. Through our partnership, MODAHealth Pro brings Ofisline's expertise to the Saudi market, delivering complete turnkey projects that cover both medical and non-medical facilities. From planning and design to execution and installation, we provide fully integrated solutions that combine global standards with local compliance, ensuring efficiency, functionality, and excellence in every project.

Product Groups:
